*Measurements refer to actual body dimensions.

- **Chest:** Place the measuring tape around the largest part of your chest. The tape should lay flat against your body underneath your arms and should not be too tight.
- **Waist:** Measure all the way around, just above your belly button. Do not suck in while measuring.
- **Hip:** Measure around the fullest part of your hips, standing with your feet together.

Please note: When in doubt, order your typical garment size. For other questions about sizing please call 041 503 3013.
